

## NEW SIDEWALK PROGRAM FY 2019 CANDIDATE RANKING BY NAME

To be considered for construction in the upcoming fiscal year a request must be submitted by March 1. Sidewalk rank is updated annually prior to the beginning of the fiscal year and is subject to fluctuation resulting from addition of new requests, construction of existing requests and updating of data used within the scoring models. New requests do not appear on this report until the annual update has been completed and approved. While both sides of a street are evaluated, sidewalks are only constructed on one side. Left (L) and right (R) indicated at the end of project names are for direction of travel beginning at the "From" street and proceeding towards the "To" street.
