

CITY OF BOWLING GREEN

Volunteers Needed

Golf Division

The purpose of the Volunteer Program is four-fold:

- To provide improved customer service.
- To enhance customer relations.
- To improve the quality of the golf course.
- To help ensure fiscal responsibility of the municipal courses.

The Golf Division is seeking volunteers to perform various tasks ranging from course maintenance to golf cart and starter tasks and tournament set-up functions. Depending on the slot assigned, hours vary from 5.50 to 8 hours per week throughout the year.

Volunteers receive free golfing privileges at all three municipal courses provided weekly hours are performed.

Interested applicants should obtain a volunteer application form from the Human Resource Department in City Hall, 1001 College Street, Bowling Green, KY, or from our website at www.bgky.org.
